Together We Can... build community connections!

MORE THAN JUST A RIDE

From the beginning of the MyRide program here in Sevier County we believed that volunteers driving our senior neighbors to medical and other essential services would develop into more than what has been whimsically referred to as "Volunteer Uber." In our mobile society we often don't think how much we use our cars to run to the grocery to grab those few needed items or shop for the week. Often those without family who have no transportation may go hungry for lack of the ability to get to the grocery store on a regular basis.

You can imagine how encouraged we were when we learned about a volunteer driver for MyRide and a MyRide recipient who developed a friendship over several rides. We recently received the news that this elderly isolated lady was invited to the volunteer's small group for dinner and game night. She had a great time enjoying a home cooked meal and meeting new friends.

Whether you give one ride a month, one ride a week, or invite someone over for a meal, you who give of your time and mileage so that others can live happier and healthier lives are such a blessing to the communities in which you live.

Thank you from all of us at LIVE-IT and MyRide Sevier County for your service to those who need you so much!

Colossians 3:17 (NIV)

"And whatever you do, whether in word or deed, do it all in the name of the Lord Jesus, giving thanks to God the Father through him."
